WHAT IS THE COLLEGE ?

WHAT DOES IT ACCOMPLISH ?

The College was founded in 1872, as an institution exclusively for the Blind. Students are received from all parts of the British Isles and the Colonies. The College is quite undenominational in character. *Its object is to train the Blind to earn their own living, and to render them independent, self-reliant citizens.* Incredible as it may appear, this is an object which the College has succeeded and does continually succeed in accomplishing, and *there are now more than 730 former pupils not only earning their own living, but in several cases assisting their parents.*

84.4 per cent. of these graduates are filling their places in the world as organists and teachers of music, pianoforte tuners, clergymen, school teachers, governesses, shorthand typists, etc. Without the College training many of them would still be helpless and hopeless and a permanent charge on the rates. The College is therefore an economic benefit to the community, and should receive whole-hearted and generous support.

Do not forget that it is cheaper to educate the Blind than to support them as paupers, while the moral and physical benefit which is given to any individual by training him to become a self-respecting citizen is an asset which cannot be over-estimated.

As originally it arose, so it has continued, largely by voluntary effort. The College is in *urgent need* of funds to continue its good work and secure such a fund as will place its national and imperial work for the Blind on a permanent financial basis.

It is considered a grand and noble act to endow a College for the Sighted. Is it less noble to do so in the case of the Blind?

“Help me to need no help from men
That I may help such men as need.”

PIONEER WORK OF THE COLLEGE.

1. *Pianoforte Tuning*, 1873.—A fuller and more comprehensive form of Training than had ever yet been given in this country.

Instruction in the tuning of the Player-piano was commenced in 1917. The results have been more than satisfactory and have exceeded all expectations. No tuner can now gain his Graduation Certificate unless able to tune this instrument.

2. *Physical Training*, 1873.—All forms of physical training, according to the Swedish, German, British and American systems.

3. *Dramatic Performances*, 1881.—Mendelssohn's "Son and Stranger" was given in this year with only two seeing people in the cast. So much success was achieved that a Committee in Glasgow paid the expenses of students to give a performance in the St. Andrew's Hall of that city. Enough money was raised by this and repeat performances to print the Cathedral Psalter in Braille. All forms of acting are of the greatest value to blind people, and greatly assist in helping them to overcome stiffness of movement and awkward mannerisms. Since 1881 there have always been annual performances of at least two plays.

4. *Kindergarten*, 1882.—The first School for the Blind in the world to open this particular branch of education.

5. *Swimming and Life Saving*, 1883.—Through the liberality of the late Dr. T. R. Armitage, a bath 55ft. long, 25ft. wide, and from 3 to 6ft. deep, was added to the College equipment. The Royal Life Saving Society was founded in 1891, and in 1892 five boys were successful in gaining their Proficiency Certificate. Since that date 59 Certificates and 17 Medallions have been won.

6. *Toothed Wheel Pencil and Compasses*, 1886.—These instruments enabled pupils to make their own geometrical figures and were specially useful in the working out of riders. Prior to this time attempts had been made to work figures with a needle and thread, but naturally with but little success. H.M. Inspectors of the Board of Education, heartily congratulated the late Mr. Guy Campbell in having introduced them into the College. The National Institute now manufactures and sells these exceedingly useful articles.

7. *Cycling and Roller Skating*, 1887.—Eight-in-hand and twelve-in-hand cycles were purchased, and in addition to thoroughly touring over the roads of Surrey and Kent, journeys were repeatedly taken to Brighton and back, to Birmingham and to Derby.

Roller skating still continues to afford one of the most pleasing and healthful recreations at the College, and at various times the tests of the National Skating Association for Great Britain have been passed.

8. *Typewriting* 1887, *Shorthand* 1898.—Though typewriting and shorthand were started prior to these years at Birmingham, the College was the first to draw up and arrange a scheme of work which would qualify students to earn a living as professional typists and shorthand writers.

9. *Training College*, 1895.—The Board of Education sanctioned the opening of a Training College Department for the training of blind people to become teachers. As a result, graduates have been employed as teachers at Birmingham, Bolton, Bradford, Bridgend, Brighton, Burma, Cardiff, Ceylon, Glasgow, Leeds, London, Montreal, Newcastle, Nottingham, Preston, Rhyl, Sheffield, Southsea and many other Institutions.

10. *Examinations of the Royal Academy of Music and Royal College of Organists*, 1901.—This was the first year in which these examinations were undertaken. To date, 68 students and graduates of the College have gained the Associateship and 30 the Fellowship of the Royal College of Organists, while 67 have won the Licentiatehip of the Royal Academy of Music.

The following prizes have also been won at the Royal College of organists:—

Lafontaine Prize, Fellowship	Henry Newell	July, 1916.
" " "	William Avery	Jan., 1924.
" " "	David Williams	" 1928.
Turpin Prize	Wilfred Kershaw (the late)...	July, 1914.
" " "	Leonard Marsh	Jan., 1918.
" " "	Percival Dean	July, 1922.
" " "	Stanley Kenworthy	July, 1930.
Lafontaine Prize, Associateship	Victor Spanner	" 1907.
" " "	Sydney Anstey	" 1910.
" " "	Lawrence J. F. Lyons	July, 1917.
Sawyer Prize,	Andrew Fraser	" 1913.
" " "	Sydney Jones	Jan., 1920.
" " "	Leonard Harding	July, 1922.
" " "	David Williams	Jan., 1926.

11. *Degree of Mus. Bac.*, 1910.—Victor Spanner was the first pupil who obtained this Degree while a student of the College, though two other graduates gained the distinction many years prior to this date, after leaving the Institution. In September, 1918, Leonard Marsh was also successful; in 1925 Henry Newell (graduated December, 1918); and in 1926 Alfred Thompson (graduated December, 1910).

How you may help the College.

1. By giving a Donation to the General or Consolidation Funds.
2. By becoming an Annual Subscriber to the General Fund.
3. By collecting Donations and Subscriptions (official collecting cards will be gladly sent to you from the College).
4. By employing our Certificated Pianoforte Tuners to tune your piano.
5. By recommending these Tuners to the notice of your friends.
6. By sending orders for typing, duplicating, etc., to be done by our girls.
7. By recommending our qualified typists to the notice of firms as well as individuals.
8. By putting us in communication with any blind person between the ages of eight and sixteen who is in need of training.
9. By employing or recommending the employment of our musical graduates as organists and music teachers, and of our literary graduates as teachers or governesses.
10. By promoting concerts and gymnastic or swimming displays given by the pupils in aid of the funds of the College.
11. By securing an annual Church or Chapel collection and inviting the pupils to render the musical portion of the service in order that their ability as organists and singers may be demonstrated and thus lead to future employment.

EMPLOYMENT—WARNING.

Friends and supporters all over the country are urged to continue to press the claims of qualified, *and only qualified*, students for a trial as pianoforte tuners, musicians, school teachers, governesses and shorthand typists.

IN THE COMMERCIAL WORLD IT IS EFFICIENCY ALONE THAT COUNTS.

Unqualified blind people sometimes obtain employment, and though they are soon found out and discharged, much harm to the future employment of the blind has been done.

To safeguard against misrepresentation, all properly qualified students who leave the College are given a Certificate, which, when asked for, they should be able to produce. All prospective employers should know that if, for any reason, the Certificate cannot be produced, they will receive, on writing to the College, a reply by return of post, vouching for the statements of the applicant if they be true.

OBITUARIES.

The Board of Governors have very regretfully to report the death of the following friends and supporters:—

Henry J. Wilson, Esq., who passed away in February at the age of 87, was Secretary of the Gardner's Trust from 1882 to 1921, and always evinced the greatest interest in the welfare of the College. By his genial tact and unfailing courtesy he became known as the "Father Confessor of the Blind"; he was ever ready to give advice and assistance and was unceasing in his efforts to help forward the cause to which he had so loyally devoted himself.

John Young, Esq., the former head of the Pianoforte Tuning Department of the Royal Normal College, died in November last. He resigned in 1915, after thirty-eight years of untiring devotion to the work over which he presided, and carried with him into his retirement the esteem of his colleagues and the gratitude of the pupils for whom he had so efficiently worked.

By the death of Mrs. Baird, member of the Ladies' Committee for many years, the College has lost a true friend and one who took every opportunity to make known the work of the College among her friends.

Subscribers:—Dowager Lady Congleton, Hon. Lady Law, Mrs. Beer, Miss Charles, Miss H. C. Love, Mrs. Mackinlay, Miss Maxwell, Mrs. G. Mosenthal, Mrs. J. Pole, P. W. Matthews, Esq., B. T. Petley, Esq., D. R. Sassoon, Esq.

Report of the Board of Governors.

Re-union.—A very successful Re-union of past Pupils of the College was held from July 30th to August 2nd. The occasion brought together some 200 from all parts of England, Scotland, Ireland and Wales, one from China and another from Burma. It was a representative gathering of past students of all ages, including School and Music Teachers, Organists, Tanners, Shorthand-Typists, Home Teachers and Business Men. The loyalty and gratitude expressed by all was striking testimony to the value of the training they had received at the College. *A short account of the proceedings is given on page 25.*

Prize Festival.—Sir Kynaston Studd, Bt., LL.D. The Annual Festival took place on Tuesday afternoon, July 22nd. Sir Kynaston Studd, Bt., LL.D., presided at the Prize Ceremony and the awards were handed to the successful pupils by Lady Studd. Among those present at the interesting proceedings were Lord Lamington (Chairman), Mr. Beddow (Chairman of Finance and House Committee), Colonel Ian Campbell, General Sir Archibald Hunter, Major-General Sir Thomas Yarr (Members of the Board of Governors), the Mayoress of Holborn, Lady Campbell, Mrs. Guy Campbell (Principal) and other friends. It afforded much pleasure to all connected with the College to have Lady Campbell present at this function.

Prior to the prize distribution, the Scouts gave a demonstration on the parade ground and the Senior Boys and Girls an effective display of mass exercises, including dumb-bells, free movements and long and short wands; a special feature of the figure marching which followed was the formation of the letters "R.N.C." Visitors also saw school classes at work, roller skating in the Fawcett Gymnasium and a demonstration of swimming and life-saving in the Armitage Swimming Bath. During the inspection of the work done in typewriting and Braille shorthand, one of the students presented to Sir Kynaston and Lady Studd a tastefully designed programme, which she had typed on white satin, and the visitors then proceeded to the Gardner Hall, where an organ recital and a much appreciated concert were given.

After the distribution of the prizes so happily presented by Lady Studd, the Chairman said:—

"Lady Campbell, Ladies and Gentlemen,—It gives Lady Studd and myself the greatest pleasure to be here to-day; to have seen the work being done in this wonderful College for the Blind and to present the prizes to those who have succeeded in various examinations. I had not the honour of knowing Sir Francis Campbell, though I knew his son, the late Mr. Guy Campbell. I shall never, however, forget my first introduction to the students of this College. It was at the Regent Street Polytechnic, of which I now have the honour to be President, where they gave a gymnastic display. The hall was crowded with those who were not a little curious, because no one thought blind boys could give a gymnastic display; they gave us a splendid display and afterwards a concert. To-day we have come to see the school premises, and the first thought that struck me, as probably everyone else present, was that it was an extraordinary place to bring blind people to. One wonders how they manage to find their way about and not to knock

themselves against trees or fall down the hills. It taxes those who can see, but the boys and girls here seem to run about and up and down steps as though they are on level ground. The next thing that impressed me was the variety of work we have seen. One had heard about the Braille system, but to see it used and hear reading was really very interesting. Music one was not quite unprepared for, because, somehow, one imagines that blind people would naturally turn to something like music. After hearing the organ recital this afternoon one is not altogether surprised to find that there have been outstanding successes in that direction. I am delighted to see what is being done at the College and the efficiency that has been attained in music, in education, in swimming and in gymnastics. I consider the physical side is most important, because it gives the blind a spirit of independence which is of incalculable value. But I think, honestly, what has impressed me most of all is the secretarial side. It is surprising to me to see how you have been able to give instruction in shorthand and typewriting and to produce the wonderful specimen of work that has been given to me as a souvenir. When I see a complicated balance sheet, properly spaced and beautifully typed, it seems to me that you have opened a very large field of service. This certainly is a day of impossibilities being ruled out of order, and I am delighted at the direction that has been taken at the College in training the blind. It has been a great pleasure to be here to-day and see how physical defects are being overcome, and how boys and girls, men and women are being trained not only to be useful, not only to be happy, but to be independent and able to help their fellows. I have to thank you very much for allowing me to come here, and I also thank you on behalf of my wife, who has been delighted to present the prizes. I wish you all every possible success."

General Sir Archibald Hunter moved a very hearty vote of thanks to Lady Studd for so kindly presenting the prizes to the successful pupils in so gracious a manner and to Sir Kynaston Studd for presiding.

Lady Campbell, in seconding the vote of thanks, said:—

"Sir Kynaston and Lady Studd, and all the other kind friends who have joined us to-day in this Prize Festival,—It gives me great pleasure to find myself once more connected with the College where I spent forty of the happiest years of my life. I congratulate the pupils on the prizes they have gained, because I know many of those successes represented very hard work.

"Soon after the College was opened in 1872, a meeting in its support was held at the Mansion House, when its needs were eloquently set forth by the Lord Mayor, the late Earl of Shaftesbury and the late Professor Henry Fawcett.

"As I look back over the 58 years since the College was opened, I feel grateful for the liberal aid it has received, which has enabled many young blind men and women to go out into the active business world as independent, self-reliant, self-supporting citizens.

"The aim of Sir Francis Campbell, and his son, Mr. Guy Campbell, was to give the blind an education, secondary, vocational or professional, equal to that given the sighted with whom they would have to compete in the open market. Such an education is necessarily costly, and the expense is not covered by the fees, therefore we earnestly appeal for your support in obtaining donations and subscriptions, and I hope that what you have seen this afternoon will cause you to tell all your

friends of the good work that is being done here and so help to increase our annual income.

"I trust that one day some English Mr. Rockefeller will hear of this College and give such a sum of money to the Endowment Fund that there will no longer be any need to appeal for subscriptions."

Sir Archibald Hunter then put the vote of thanks to the meeting, which was carried amid hearty applause, and with cheers.

Lady Studd charmingly acknowledged the vote of thanks, saying:—

"I appreciate very much that nice cheer, and I thank you in the Russian language."

Gardner's Trust for the Blind.—The Board of Governors desire to tender their deep gratitude to the Trustees for the continuance of their generous help. During the year ten boys and seven girls sat for the Gardner's Trust examination and nine boys and six girls were awarded scholarships; these scholarships have enabled many young men and women to go out in the world as self-reliant and self-supporting citizens.

Training College.—The Board of Governors desire to place on record their appreciation of the kindness of Dr. Ritchie in granting facilities to the Training College Students for school practice in the Swiss Cottage School for the Blind, and also to the London County Council for a similar privilege at Linden Lodge.

Successes of Students.—(See Principal's Report, page —).

One outstanding success deserves special mention. Ellen Gurruell has been awarded an exhibition, value £40, at Somerville College, Oxford, and will take up residence there in the autumn.

Lectures and Recitals.—Mr. Stewart Macpherson gave an enjoyable and much appreciated lecture on "Musical and Poetic Rhythm."

Dr. F. G. Shinn has given interesting and instructive lectures during the year on the development of opera with illustrations from Monteverde, Lulli, Gluck, Mozart and Wagner; the Jupiter Symphony of Mozart, the Overture to "Egmont" and the Second Symphony of Beethoven, the Second Symphony (1st Movement) and Piano Quintet of Brahms and "The Creation" by Haydn.

Mr. James Friskin, a former teacher of pianoforte playing at the College, and now a professor at the New York Conservatoire of Music, gave a delightful pianoforte recital, which was greatly enjoyed by the pupils, as were the instrumental trios so excellently played by the Oxley Chamber Concert Trio in the College Hall.

Miss Henson talked to the students on the work of the League of Nations.

Concerts, etc., Attended.—Facilities were given for Pupils to attend "Mignon," given by the Croydon Operatic Society; "Hiawatha" at the Albert Hall; Orchestral Concerts at Queen's Hall and Central Hall; Bach's Mass in B Minor at St. Paul's Cathedral; Lecture Recitals at the Royal College of Organists; The Léner String Quartette (by invitation of the National Institute for the Blind) as well as other Vocal and Instrumental Recitals at Wigmore and Grotian Hall, including one given by a former pupil, Mr. Thomas Marshall, A.R.A.M.

Readings.—The British Empire Shakespeare Society, under the direction of Mr. Eagle, gave a very fine Reading of "The Rivals," the principal part being taken by Mr. Eric Adeney, a well-known actor at

the Old Vic Theatre, also of "The Tempest" and "The Merry Wives of Windsor."

Concerts, etc., by Students.—The Choir gave their Annual Concert at the North London Homes for the Blind and one at the Wiltshire Road Mission Hall, Thornton Heath. The Westminster Glee Club provided music at a sale of work at St. Anbyn's Hall; Lance Gibson sang songs and Keith Burrows played pianoforte solos at several local concerts.

By special request our Guides and Scouts formed the Guard of Honour for the Lord Mayor when he attended a special performance on the Carillon (made for New Zealand) in Hyde Park.

British and Foreign Bible Society.—Joyce Frapwell, aged 10, and Muriel Bedwell, aged 10, read portions of Scripture (by request) at the 126th Annual Birthday Celebration of this Society, held in the Guildhall, under the Presidency of the Lord Mayor, Sir Phiené Neal.

Former Graduates Honoured.—Mr. Henry Marshall, of Dundee, one of the early pupils of the College, was admitted to the "Piper's Bairns Society." This is an organisation which meets socially once a year to honour a citizen who has distinguished himself in Art, Literature or Commerce, and Mr. Marshall was selected this year as the guest of honour in recognition of his musical services.

Visitors.—Dr. Lilian Wilson, Board of Education; Dr. Edward Allen, Director of the Perkins Institution for the Blind, Watertown, U.S.A.; Mr. J. Fletcher, from the Jubilee Institute for the Blind, Auckland; Mr. Hildebrand, of Berlin; Dr. C. Kirkhope, Medical Officer of Health, Tottenham; Mr. McG. Eager, Secretary-General, National Institute for the Blind; Mrs. R. H. Cheetham, J.P., and Mrs. L. Jardine, from the West Ham Education Committee; Mr. Hewitt, Principal of the Institution for the Blind at Bridgend; Students from Isleworth Training College and Members of the Wallington Women's Citizens' Association.

Staff.—The Board of Governors have pleasure in acknowledging the willing and efficient services of the Members of the Staff and appreciate the keen interest they show in their pupils, as is evidenced by the successful results obtained.

Urgent Future Needs.

1. An increased Annual Subscription List.
2. £70,000 to stabilise permanently the National and Imperial Work of the College.

APPEAL.—Education and Training are in most instances the blind man's only capital, but he is not usually in a position to obtain that capital without financial help from his sighted brothers and sisters.

"If there be a pleasure on earth which angels cannot enjoy and which they might almost envy a man the possession of, it is the power of relieving others."

WILL YOU MAKE THAT PLEASURE YOUR OWN BY REMEMBERING THE BLIND?

Signed on behalf of the Board of Governors,

LAMINGTON,

Chairman.

OBITUARIES

The Principal has regretfully to announce the death of:—

Miss Annie E. Roberts, who passed away in May, 1930. After completing her training here at the College in 1901 she started a small School for backward Blind Children, first at Rhewl, and in 1909 removed to Rhyl, so that a larger number of children might be accommodated. Later the School was given recognition by the Board of Education as a Certificated School for the Education of Blind Children, and became known as the North Wales School for the Blind.

Alfred Shakespeare, who graduated in July, 1885, and had worked with Messrs. Ryalls and Jones, Ltd., of Birkenhead, for very many years as a Pianoforte Tuner.

Changes of Staff.—Mrs. Carbery resigned in December, and her place has been filled by Miss M. Hammond. Miss P. M. Chambers joined the School Staff in January.

Rangers.—"The Captain was obliged to give up the Company at the end of May, through pressure of work. She had been Captain since January, we are very grateful for all she did and are exceedingly sorry to lose her. We were unable to secure another Captain, and as two of our members left at the beginning of the term, we found it well-nigh impossible to hold meetings with the remaining few.

"On June 20th we went for a hike to Biggin Wood with other Rangers in the District; and during the Autumn term, attended two District Ranger Meetings and Socials."

Guides.—"On Saturday, May 3rd, we accompanied the Rangers to Hyde Park to form a Guard of Honour for the Lord Mayor of London.

"On May 28th, our District Commissioner, Miss Fairbairns, invited all the Lieutenants and Patrol Leaders in her District to a party at her house. Our members went and had a very jolly evening.

"In June, we were visited by some Cadets and Rangers from the Anerley and Penge District. We learned several new games and exchanged camp fire songs, which we all sang heartily.

"In September, a Guider from a neighbouring Company gave us two very interesting evenings on "Trees," to help us enter for a Nature competition that had been arranged for Extension Companies, and which, unfortunately had to be postponed, as there were an insufficient number of entries.

"At the beginning of 1931 we welcomed Joan Gilbert from our Brownie Pack; and Nora Bottomley joined the Company in March.

"Tenderfoot and Second-Class Work has been progressing slowly, but we find our meetings are far too short for all we should like to do. Six Proficiency Badges were gained during the year."

Brownies.—"On April 1st the Pack consisted of eight Brownies (four Fairies and four Pixies). Several Brownies have received their Service Stars. The size of the Pack is rather small, but this has been a great advantage as we have been able to work at and pass quite a lot of Second-Class Work, five Brownies taking some of this during the year. Muriel Bedwell completed her Second-Class Test in December, and then passed her First-Class Test in March.

"Our Ranger, Guide and Brownie Social was held in the New Year, when a jolly time was spent.

"Nos. 15 and 16 of 'Our Fairies' and Pixies' Magazine' were brought out during the year."

Scouts.—"A number of our Scouts exhibited in the Croydon Exhibition of Scoutercraft, held on April 3rd, 4th and 5th, 1930, and several certificates were gained. On May 3rd, 1930, our Troop formed part of the Guard of Honour to the Rt. Hon. the Lord Mayor of London at a special Carillon Performance for the Blind, given in Hyde Park, and were complimented on their smartness. During the summer term, outdoor work predominated, including bridge-building, trek-cart, tent pitching, fire lighting and cooking. Swimming and life-saving also held a prominent place in our work, a number of Scouts

attaining Bronze Medallion standard. At the Prize Festival, we gave a display of trek-cart drill and first-aid work.

"There was less opportunity for outdoor work in the Christmas Term. We were greatly helped, however, by the visits of members of the 10th Croydon Rovers. Camp-fire sing-songs, under their leadership, proved especially popular. On October 20th, 1930, the District Commissioner, Colonel Worledge, inspected the Troop. He expressed his pleasure at the spontaneous spirit shown by the Scouts in all their work. Rover Hepworth gave an interesting talk on 'Tracks and Tracking,' with plaster casts and other exhibits to illustrate it. On November 3rd the Assistant District Commissioner, Mr. A. E. Walkley, paid us an official visit. On November 8th, a selected party of lucky Scouts visited the Croydon Aerodrome, and made a tour of inspection under the guidance of Rover K. Hazelton. An exceedingly interesting time was spent visiting the various hangars and examining at close quarters all the various parts of the aeroplanes. On November 15th another party of Scouts spent a happy and enjoyable evening at the 10th Croydon Social, by invitation of Mr. Walkley. We were able to return the compliment by extending an invitation to Mr. Walkley and his 10th Croydon Rovers to come along to our own Social on December 17th. This was held for the first time in the College Hall.

Various causes contributed to the reduction of the numbers of our members early in the New Year (1931). Our Troop now consists of three Patrols, with a total of 18 members.

The following tests have been passed:—

Tenderfoot:—Bayliss, Cottingham, Daly, Harrison, House, Whelan.

Second-Class.—Signalling: Hayes. Compass: Bayliss, Daly, Reeve. Kim's Game: Bulgen, Shinn."

Debating and Radio Societies.—Both of these Societies have had many interesting meetings and continue to provide pleasing and instructive recreation for the students.

Sports.—The Junior Boys held their Sports Day at the beginning of July and the Senior Boys and Girls at the end of that month. Many parents and friends attended each function, and, as usual, remained to tea, afterwards listening to a concert arranged and given by the pupils in the Gardner Hall, where the prizes were presented to the successful competitors by Lady Campbell.

Football.—Captains: Ronald Gapper, Ronald Kirk. Vice-Captains: Herbert Gates, Alfred Kendall.

Matches were played with boys from St. Joseph's College, Beulah Hill; King's College, Wandsworth, and the Secondary School, Bromley.

Cricket.—Captains: Joseph Freeman, Herbert Gates. Vice-Captains: Ronald Gapper, Ronald Kirk. The pupils, both Junior and Senior, are quite enthusiastic and derive much pleasure from their games, but unfortunately bad weather interfered with arrangements for matches with outside teams, though one was played with the boys from King's College, Wandsworth.

L. CAMPBELL,
Principal.

RE-UNION, JULY 30th TO AUGUST 2nd.

Extract from the "Crystal Palace and District Advertiser."

A Re-union of Former Students of the Royal Normal College was held from July 30th to August 2nd, the first for many years. Nearly 200 gathered from England, Scotland, Ireland and Wales, including one from Burma and one from China. It was a representative gathering of past students of all ages, including school and music teachers, organists, tuners, home teachers, typists, clergymen and business men.

At 9.30 on Thursday morning all assembled in the Concert Hall and were given a hearty welcome by Mrs. Campbell, the present principal, to whose untiring efforts the success of the re-union must be attributed. The greeting and presence of Lady Campbell, who had come from America to meet her old pupils, added very greatly to their pleasure.

Everyone was moved by the singing of the familiar hymns at prayers each morning. The second day the service was conducted by the Rev. Geo. Whittleton, the Vicar of St. Jude's, Thornton Heath, and a former student of the college.

Arrangements had been made for various meetings, the first of which was the welcome extended to all by Mr. E. T. Campbell, Vice-Chairman of the Board of Governors.

Mr. Campbell said: On behalf of the Governing Body I would like to say how glad we are that Mrs. Campbell has been able to arrange this re-union. I happen to have been educated very near to this College, and am now a governor of my former school, Dulwich College. It is to me the greatest pleasure in the world to be connected again with my old school, to meet my old friends and talk about old times, and last, but not least, to meet those who were at that time in authority over me, but who, needless to say, are so no longer.

I have now led up to the fact that you probably are in the same position at this re-union just now; you appreciate meeting old friends, you have all had various experiences in various parts of the world, and now you come back and you exchange reminiscences, you exchange experiences, and you are able to talk to each other in a different way to what you did when you were at school. You are meeting Lady Campbell, whom we are so delighted to see here, and Mrs. Campbell, the present Principal.

It gives me very great pleasure indeed to meet you all, and I sincerely hope that you will thoroughly enjoy yourselves, and that when you return home you will tell all your friends about this place. You people know, and have had experience of life in this school, you know of the excellent work which has been done by many of the old scholars, including all of yourselves. You know the possibilities, you know the advantages to be obtained, and I do think if this were brought home more to the general public, who either do not know or do not realise the great value of such a school as this, we should have a great deal more support for our excellent institution.

It is a privilege to me to have had this opportunity of seeing you here, and on behalf of the Governing Body I wish to say that we are all very pleased indeed that you have come, and I sincerely hope that matters will be so arranged that this can be a regular re-union, and in that case, I should like to see all the members of the Governing Body here to meet you and hear some of your experiences, and I am

sure it would be for their good and for the good of all of us.

Mr. E. T. Campbell then called upon the Rev. Father Jackson to say something of his work.

Father Jackson said: Naturally on an occasion like this, one would like to be reminiscent of school days, and again, having just read that first issue of the new magazine of the school, one would like to dilate for a long time on the things that have been going on in the twenty-three years since I was here.

I believe I am expected to talk about what I have been doing in Burma. I went out to Rangoon in 1917 to take over the only school for the blind there, which was operating for a province four times as big as England, with a population of at least 450,000, and I was handed over eight boys and four girls in a bamboo hut, with two Christian teachers very ill-qualified.

We had at that time an income of £90 a year to cover all our expenses, including salaries and everything. In thirteen years we have grown considerably. My mission now includes separate sections for both boys and girls, with workshops; the people who have left us but are still on our "After Care Association," number 183, and our annual expenditure—I am not saying anything about income—is about £4,500. I would also make a point of the fact that out there we cannot just be a school, for besides our classes we have to have our workshops and houses for our workers to live in, our printing department, lending library and everything. When I took over the lending library there were two manuscript books in a very difficult Burmese Braille, which was practically useless. We now have a lending library of 300 manuscript volumes and a weekly newspaper which runs to 20 pages, and our printing department—well I think perhaps the best instance that I can give is that at our sports day, when I summoned a committee—three of my senior boys—to deal with it, and said to them, "Arrange your programme and get it circulated as quickly as you can," within three-quarters of an hour every person had a copy of the sports programme.

We have also developed on the technical side. When I took over there were two fancy cane work-baskets, and they were made by sighted teachers. Well, our turnover in the workshops to-day is approximately £80 a month, and it covers door-mat making, heavy cane basket making (about 2,000 of these a month), light fancy cane work and cardboard boxes—we are the only makers of these in the whole Province.

We have our After-Care Scheme, by which every person who passes through our school and behaves himself with reasonable decorum is allowed to earn a living wage, and some of my basket makers earn more than the Government standard salary for teachers. We carry the social life right through, and have our own dance clubs, etc.

We are primarily a Christian mission, although we are generally looked upon as a philanthropic concern run for the welfare of the blind. I have travelled thousands and thousands of miles in the jungle, crossing tiger tracks, entering cholera villages, getting frequently lost, and I could tell of scores of miracles which would distinctly show that the work has prospered by the Grace of God. So far as my own work has contributed to its success, that is very largely due to my early training in this College, to which a great deal of credit must be given for my progress in Burma.

Some of you may have noticed that I have been given one of the highest decorations in India, the Kaisar-i-Hind Medal, I do not regard

that as anything like as valuable a testimony to what has been accomplished as the fact that, during the five months I have been home this time, out of my very considerable correspondence from Burma, 160 letters have been sent to me in Braille.

A vote of thanks to Mr. E. T. Campbell and to the Rev. Father Jackson was proposed by Lady Campbell and seconded by Mrs. Campbell and carried with acclamation.

In the afternoon, Mr. Beddow, Chairman of the Finance and House Committee, addressed the gathering. He said: It is a very great pleasure to me to meet so many of the old student graduates of this grand old College. I have been at a great many gatherings in this hall, and have been delighted with the entertainments provided, but I do not know that I ever had so much pleasure as I have to-day with this large audience before me of those who have studied in years gone by in this College. When I look round I cannot identify very many—perhaps more of you can remember me than I can distinguish.

I have had great pleasure in working in the old days with Sir Francis and Lady Campbell, and I am sure you are all delighted to-day that Lady Campbell is with us in such wonderful health and strength, and as interested in everything concerning the College as she was in the old days when she was responsible for so much of your comfort.

Then Mr. Guy Campbell—he was a life-long worker in this College and a champion of the blind in every possible way—and now to-day Mrs. Campbell, his beloved wife, who also has had so much to do with your comfort, has been planning for your welfare, and has done wonders for this College single-handed.

There are no better typists in London than those trained in the College. I have never found a single error in anything that I have given them to do for me; the tuning is excellently done; as to organists—the whole world knows Dr. Hollins. I am personally very proud of our own organist, who was trained here, Mr. Newell. He was much distinguished in his examinations, and he has proved one of the most pleasant men to deal with; he is always jolly and sets an example to the whole church, always ready for a joke and a laugh.

Well my friends—you will allow me to call you my friends—I wish you all prosperity, blessing, health and happiness.

Mr. H. L. Balfour, who has been for 35 years a professor at the College, then gave an organ recital, to which all were delighted to listen.

A cordial vote of thanks was proposed by Mr. Balshaw to Mr. Beddow and Mr. Balfour, and seconded by Mr. Dixon.

Mr. Thomas Marshall, A.R.A.M., gave a delightful pianoforte recital in the evening, playing selections from the music of Bach, Brahms and Chopin; he had a most enthusiastic audience, and by special request played his own composition, "A Train Journey to the Sea."

On Friday morning a conference was held to form an "Old Students Guild." A proposal to raise money for a memorial to Sir Francis Campbell was also discussed and committees elected.

At 4 o'clock in the afternoon an enjoyable lecture-recital was given by Mr. Victor Spanner, Mns.Bac., on "The Danco Music of Bach."

In the evening a concert was given by former students, and at the close Miss Amelia Campbell announced that all those present were presenting a necklet to Lady Campbell, and a silver salver to Mrs. Campbell, as souvenirs of the happy days they were enjoying at the College. The company then adjourned to the Gymnasium for a dance.

On Saturday morning Lady Campbell gave some amusing reminiscences of the early days at the College before speaking of work for the blind in the United States.

Each of the 48 States in the Union makes provision for the education and care of its own blind population. The National Congress at Washington makes an annual appropriation for the printing of embossed books which are distributed to the separate States; the amount per capita expended by the State, and the number of agencies vary in different parts of the country.

While the schools were established a hundred years ago, the care of the adult blind is more recent.

About 1900 the States began to appoint unpaid commissions to supervise the work of the adult blind; they start workshops, give relief, have charge of home teaching and home-work. When secretary of the Ohio Commission, my son, Charles Campbell, opened a new field of home-work.

I notice in advertisements for home teachers in England these words: "Sighted Teacher required." With us the blind are considered better suited to the work and more efficient; if a guide is needed, the State pays for one and all travelling expenses. I hope this body of active, independent blind men and women will help to create a public opinion that will prevent the blind from being crowded out of a position in which they once had the preference. Those of you who hold positions as home teachers must not fall into ruts—be wide awake, keep up-to-date.

There is little time to tell of the schools. The age is from six to twenty-one; the curriculum includes kindergarten, elementary and secondary education; the latter fitting for the university. In some States the Government pays for a reader for university students. All the schools are keen on physical training and sports; some have a domestic science cottage for the girls.

The Perkins Institution and Massachusetts School for the Blind, near Boston, was founded in 1832. Dr. E. E. Allen, the present Superintendent, was for several years a teacher at the College, and he generously acknowledges his indebtedness to Sir Francis and the College for the influence they have exercised in his work.

Lady Campbell gave a further account of the athletic sports, parties and other features of the life at the Perkins Institution.

At the close of the address, Mr. Warrilow said: May I just say what we all want to say, that we thank Lady Campbell for her talk, which has been very inspiring. We do want, particularly to see the home teacher question brought forward in this country in an adequate manner. There is immense scope, I think, for home teaching, and I hope that what Lady Campbell has said will bear fruit. Although this is not an official vote of thanks, may I say how immensely we have enjoyed Lady Campbell's address, and of course we all thank everybody concerned for the splendid time we have had.

Miss Lily Bell, a former student and teacher, requested the Principal to convey to the Board of Governors the grateful thanks of all who had attended the re-union.

Great appreciation was expressed of the perfect organisation, thoughtfulness and infinite pains that had been exercised to make everyone just as happy and comfortable as possible.

The proceedings closed with the singing of "Auld Lang Syne" and "God Save the King."

REGULATIONS FOR VISITING THE COLLEGE.

The College is situated at Upper Norwood. The principal entrance is in Westow Street. An outline Map, showing the position of the College and of the different Railway Stations, Motor 'Bus and Tram Halts in the neighbourhood, will be found on the next page.

The regular Visitors' Day is the first Thursday afternoon in each month, except during January, April, August, and September. Visitors will have an opportunity of inspecting the various departments from 3.15 to 5.15 p.m.

VISITORS.—Parents and friends may visit pupils on alternate Saturdays. Dates when visiting is permitted will be sent to the Parents at the beginning of each term and may be obtained from the Principal. If, for any special reason, parents wish to see their children at other times, they should write to the Principal for an appointment. As a rule, it is not expected that more than two friends will visit any pupil on the same afternoon. When visiting the College, parents are earnestly requested not to bring young children with them.

 *Friends cannot visit the pupils on Sunday; this rule is strictly enforced.* If the children go out with their parents, they must not undertake commissions for other pupils.

The Principal can be seen on business by appointment.

INFORMATION FOR INTENDING CONTRIBUTORS.

Annual Subscriptions, Donations, and Legacies are earnestly requested, and will be thankfully received at the College, and acknowledged by the Hon. Treasurer, or by the Principal.

Cheques and Post Office Orders should be crossed Barclays Bank, Limited, and may be drawn in favour of the Hon. Treasurer, or the Principal, Mrs. L. Campbell.
